Why Choose Sans Bois Health Services?

Sans Bois Health Services has been committed to providing high quality home health care since 2000. Oklahoma family owned and operated, Sans Bois employs highly skilled and trained professionals to exceed patient expectations. Our goal is to provide you with the highest quality and cost effective care in the comfort of your home. If you, or someone you know is in need of quality home care, contact our office to find out how we can help improve your quality of life.

Home Health Care

Home health services are available to people of all ages. They typically include: individuals who have short term health care needs; or, individuals who are discharged from the hospital or nursing home but still require additional care. While your Physician makes the ultimate decision regarding your need for home health care, individuals or their families are invited to call Sans Bois Health Services to schedule a free in-home evaluation to assess needs in the home.

We offer a wide range of health services to our patients. Our qualified and professional nurses, therapists, and personal care aides are ready to care for you in the comfort of your own home. We schedule our visits around your needs and if you need us, our staff is available 24 hours a day.

The Advantage Program

The Advantage Program is administered by the Oklahoma Department of Human Services and uses Medicaid funds to pay for in-home long term care services. Frail elderly and disabled adults, who have been assessed by the state to be eligible for Medicaid services and nursing home care, are eligible for the Advantage Program. The Advantage Program wants to assist you to remain as independent as possible. It does not replace services already provided by you, family, friends, or other agencies or organizations. Through the Advantage Program, Sans Bois Health Services is proud to offer you exceptional Case Management and Provider Services.

State Personal Care

State Plan Personal Care is available to persons of all ages who qualify financially and medically. The State Plan Personal Care Program is designed to assist people with basic care and homemaking needs, who need minimal assistance to remain safe and independent in their own home. This program offers Provider Services, which gives you assistance with bathing, grooming, meals, eating, getting in and out of bed, toileting, and limited housekeeping.

Our experienced health care professionals are ready to care for you in the comfort of your home.
